The unique storytelling design, relatable characters, and plot spins make it a beneficial addition to your shelf. So, if you're searching for a fascinating read, Theatre 10th Edition Robert Cohen is certainly worth taking into consideration.

REVIEW OF THEATRE 10TH EDITION ROBERT COHEN

- Title says it all. The second half of the book has some really great tips & tricks for life. You shouldn't skip the first half of the book since it ties into and validates the teachings in the second half of the book. Sometimes the writing is a bit awkward and verbose (he does speak in technical terms at times), but go slow and really try to understand what he's saying. The book is a really quick read, but again take your time! For a while I really didn't understand this quote from the author: "Live as if you were living a second time, and as though you had acted wrongly the first time." But, after taking some time to think about it (like the time you need to read the book), it truly hit home what this quote means. I'd recommend this book to anyone!

- I read the book with literal meaning of title. Found something and I have not read other reviews much because I think lot of people get the point and they put forth better than me. Here is why I am writing the review. I think he (VF) was on his path to enlightenment and fell short in the form of logo therapy or other ideas. I used to dream of being a Messiah and had encounters with life twice where I was equally pinned on cross but all in my thoughts I knew I cannot bear the pain far less the thought so I am a mere mortal. Same way I cannot fathom the depth of concentration camps or what crystalizes out of it. Typically in India we have a philosophy which I found comes handy that when you are given pain then you also get the courage to with stand it. When do you cross over to enlightenment is something eluding me though it is not a per-requisite as far as I know. Kabbalah scholars will also find the book intriguing and failing in spiritual goals which he (VF) should have somehow alluded. Read this book with higher goal of finding meaning of life and you will find enough that time will be well spent. We all salute those who live life bigger than us and we feel fortunate that we are reading it in a cozy chair vs. living it.
