REVIEW OF CCNA 2 PACKET TRACER LABS ANSWERS

- I've bought this book along with the "John Bonham" book by Mick Bonham (See my review there as well). I mainly bought these books because i was always impressed by John's inovating and unorthodox style. And i was strongly reminded after hearing the CD "How the West was Won" and seeing the double-DVD simply called "Led Zeppelin", what a great drummer he's been. This is the story of the Powerhouse behind Zep, The Ludwig endorser, The hammer on the Nail, The Man and the Machine. Here it is everything you always wanted to know about his idea's, his examples (if any), his technique, his drumkits from the green sparkle to the staines steel and of course the Amber Vistalite, All the albums reviewed by proffesionals from '69 to '79. Descriptions of all his famous tracks or should i say tricks with sticks, his triplets, paradiddles etc. But also a story of how this magical quartet got together and how they made history. Robert Plant's quote says it all: "Bonzo was the main part of the band. He was the man whatever Page and I wrote basically work, by what he held back, by what he didn't do to tempos. I don't think there's anyone in the world who could replace him". A Must for Rock (drummer) fans

- I picked up this book at a suggetion of a friend. Once I started reading it, I could not put it down. It's a very entertaining book, with historical insight to English-Roman relations during the first century. The characters, Caracatus, Rhiannon, Taran, Porcious, et al are well "fleshed-out". It was easy at first to peg the "good" and the "bad" people. But as the story went on, good and bad started depending on your point of view, and as the characters grew. The author's descriptions of sights, smells and sounds make you feel as though you were part of the story. I would highly recommend this book to everyone, at least for it's historical perspective on 1st century English monarchy, religion and Roman relations. But more than that, it is a well-paced, action-packed book, that will keep you entertained from start to finish.
