REVIEW OF GUIDED READING 18 1

- The book arrived in perfect condition. It was exactly what I was looking to obtain.
- Some memories are so terrible that revisiting them is more than a person can stand. And yet there are stories that need to be told. Goerges Perec, who lost both his childhood and his parents to the Nazis in World War II deals with this problem by telling two stories, one real, and one metaphorical. The real story of his youth is told almost dispassionately, as if he cannot bear to bring up the emotions of that time- or perhaps it is an accurate telling of a childhood in which emotion was repressed as a way of surviving. The metaphorical tale of the nation of "W" is also told from a distant, and somewhat dispassionate perspective; it is a cruel land, but the narrator speaks of it as a historian or an anthropologist might. It is only when the two are read together (the chapters alternate) that the full effect is appreciated by the reader. The cruelties of "W" are in fact alternate tellings of the realities left out of the true narration. Through this, the true horror of Perec's childhood emerges.
