REVIEW OF OSHA 700 TEST ANSWERS

- i read the other reviews by other people, and almost all of them missed the point. the book did not have many major action points, but it is not a tom clancy novel. it did teach some about undersea life, but it is not a text book. jules verne wrote books from his imagination. this book was published in 1870. underwater travel was a joke. it was possible, but most people did not know this. i read this book when i was 10 or 11, so it has been a while, but i remember being completely ingriued, myself knowing probably everything jules verne did about undersea travel. i honestly don't remember much other than the major points of the plot, only that i loved the book, and the extensive explanations only served to deepen the insight and wonder into not only the book, but the mastermind behind it.

- TWENTY THOUSAND LEAGUES UNDER THE SEACANNOT GET IT TO THE KINDLE UNIT. IT IS IN PC KINDLE FILE BUT IT WILL NOT PRESENT ON TH KINDLE. THEREFORE IT WASTES MY TIME.
