REVIEW OF SECURITY INFORMATION AND EVENT MANAGEMENT SIEM IMPLEMENTATIO N NETWORK PRO LIBRARY

• who ever wrote this dumb confusing book is in a mental state of mind! Fahrenheit 451 is a overworded description of a fireman who lives on rebellion! It is a bad influence on the young people of the world. THIS BOOK SHOULD BE BURNED!

• I would recommened this book for anyone ages 13 and up. It's a hard read, but has a strong theme and interesting characters. I enjoyed the whole book until the ending. I didn't like the ending because it was a little bit confusing and sad. Besides that I enjoyed this science-fiction which has a strong resemblance to the Giver by Lois Lowry.
