MeetCoogle

The book focuses on change and development as organizational phenomena. The entire text is divided into 5 sections viz., Understanding Organizational Processes and Change, Management of Change, Nature of Organizational Development, OD Interventions and Strategies, and Contemporary Issues in OD, as the concluding part. With a strong conceptual foundation, the book takes the readers through the entire processes and stages of change as seen and experienced worldwide. The main strength of the book lies in its exhaustive treatment to a wide array of topics along with various exhibits on change management in Indian and global organizations. The role of leadership, organizational culture and technology as integral parts of any change initiative are dealt with in detail. Later part of the book covers various OD models and tools, change management strategies and contemporary issues such as diversity management. The language is simple and enhances learning for the reader with various snapshots of different stages/levels of change and OD at organizations worldwide. The book is aimed at MBA students who specialize in HR and Strategy areas. Industry practitioners and change consultants will also benefit greatly with the title.

Separate Answer Book with a key to all exercises, the tapescripts, and useful unit-by-unit teaching notes. Designed for easy use by the non-specialist teacher.

Oswaal Books and Learning Private Limited

Anton Pavlovich Chekhov, (29 January 1860 – 15 July 1904) was a Russian physician, dramaturge and author who is considered to be among the greatest writers of short stories in history. His career as a dramatist produced four classics and his best short stories are held in high esteem by writers and critics. Chekhov practised as a medical doctor throughout most of his literary career: "Medicine is my lawful wife", he once said, "and literature is my mistress." Chekhov renounced the theatre after the disastrous reception of *The Seagull* in 1896, but the play was revived to acclaim in 1898 by Constantin Stanislavski's Moscow Art Theatre, which subsequently also produced Chekhov's *Uncle Vanya* and premiered his last two plays, *Three Sisters* and *The Cherry Orchard*. These four works present a challenge to the acting ensemble as well as to audiences, because in place of conventional action Chekhov offers a "theatre of mood" and a "submerged life in the text." Chekhov had at first written stories only for financial gain, but as his artistic ambition grew, he made formal innovations which have influenced the evolution of the modern short story. His originality consists in an early use of the stream-of-consciousness technique, later adopted by James Joyce and other modernists, combined with a disavowal of the moral finality of traditional story structure. He made no apologies for the difficulties this posed to readers, insisting that the role of an artist was to ask questions, not to answer them. Always modest, Chekhov could hardly have imagined the extent of his posthumous reputation. The ovations for the play, *The Cherry Orchard*, in the year of his death showed him how high he had risen in the affection of the Russian public—by then he was second in literary celebrity only to Tolstoy, who outlived him by six years—but after his death, Chekhov's fame soon spread

further afield. Constance Garnett's translations won him an English-language readership and the admiration of writers such as James Joyce, Virginia Woolf, and Katherine Mansfield. The issues surrounding the close similarities between Mansfield's 1910 story "The Child Who Was Tired" and Chekhov's "Sleepy" are summarised in William H. New's *Reading Mansfield and Metaphors of Reform*. The Russian critic D.S. Mirsky, who lived in England, explained Chekhov's popularity in that country by his "unusually complete rejection of what we may call the heroic values." In Russia itself, Chekhov's drama fell out of fashion after the revolution but was later adapted to the Soviet agenda, with the character Lopakhin, for example, reinvented as a hero of the new order, taking an axe to the cherry orchard. One of the first non-Russians to praise Chekhov's plays was George Bernard Shaw, who subtitled his *Heartbreak House* "A Fantasia in the Russian Manner on English Themes" and noted similarities between the predicament of the British landed class and that of their Russian counterparts as depicted by Chekhov: "the same nice people, the same utter futility."

COMPUTER FUNDAMENTALS (SEMESTER - 1). "O'Reilly Media, Inc."

Tale of a young Nepali peasant farmer's run of bad luck. Dhan Dhan? Bahadur Basnet, 25, strives to support himself; his wife, Maina; a small son; and his teenage sister, Jhumavati, and buys a buffalo on interest from a moneylender to help plant his family plot. But the buffalo's calf dies, then the buffalo rampages a neighboring field, leaving Dhan? responsible for damages. To pay off the debt, Dhan? agrees to work another farmer's fields and offers his home and land as security.

English for Computer Science S. Chand Publishing

One of the great World War I antiwar novels—honest, chilling, and brilliantly satirical Based on the author's experiences on the Western Front, Richard Aldington's first novel, *Death of a Hero*, finally joins the ranks of Penguin Classics. Our hero is George Winterbourne, who enlists in the British Expeditionary Army during the Great War and gets sent to France. After a rash of casualties leads to his promotion through the ranks, he grows increasingly cynical about the war and disillusioned by the hypocrisies of British society. Aldington's writing about Britain's ignorance of the tribulations of its soldiers is among the most biting ever published. *Death of a Hero* vividly evokes the morally degrading nature of combat as it rushes toward its astounding finish. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Critical Reasoning Psychology Press

We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades in its original form. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

REVIEW OF BCA FIRST SEMESTER ENGLISH QUESTION ANSWER SOUSOUORE

- If you liked the Halo game at all, this is a great set. It fills in a lot of the blanks about the back story you didn't get from the video game. In the first book, we finally learn why Master Chief's ship ended up at Halo. They were running blindly after humanity's strongest outpost fell to the Covenant. The story builds a great deal of suspense, even though you know what's ultimately going to happen. Book two mostly just follows along exactly with the first Halo video game. There is a tacked on story about an Elite hunting down Master Chief, but mostly it's just good to relive the game and catch up on some back story and missed dialog with Guilty Spark. Book three covers Master Chief's escape from Halo. It's the weakest of the books if only because it

starts to run out of new ideas and replay the same fights over and over again. Still, it's a fun read and easily worth the price. When you get done with these, you might want to skip the sequel Ghosts of Onyx book (not as good), but be sure you grab the Contact Harvest which is a prequel to this set.

- I've read some of the other reviews here. Good thing I did that after I started reading the first book in this series so my reading wasn't influenced by the opinions of others. I didn't read this book with a critical journalist's eye like some negative reviewers have done. I didn't care about grammar and typos and what not. I find

the writer's description of the awesome space battles and the master chief's wild fights with the aliens truly nice. I got pure enjoyment out of reading this book, with my heart racing just following the hot adventures of John who later became the Master Chief. Though I've read many books, I've never sat down and read a science fiction novel until now. I used to believe that I wouldn't enjoy a book based on a video game. I stand corrected. This book is a page turner.. A warning to you commuters, who like to read while riding the train to work, be careful while reading this book for you might pass your stop. It has happened to me.
