Remember, reading evaluations can assist you make educated choices about what to review following and can subject you to new authors and categories you might not have taken into consideration in the past.

REVIEW OF THE TRUTH ABOUT HIGH FREQUENCY TRADING WHAT IS IT HOW DOES IT WORK AND IS IT A PROBLEM

• I have read a lot of Irish history, have visited Ireland 3 times and never cease to be amazed at the character and resilience of the culture and history of the people of this great country. Ireland had a great culture and people long before England invaded over 800 years ago and has survived and even advanced to an amazing degree; despite all the cruelty and evil that England has imposed on her in an attempt to bring her into submission. Many books have been written about Ireland and

particularly rebellions against England. Ireland was the first country that England took over in building her Empire and it appears that it will be the last country that she has been finally kicked out of. Little wonder, after the brutality that England has imposed on Ireland for all these years, the Union Jack is referred to as "The Butcher's Apron". Morgan Llywelyn is an excellent historical novelist, and has covered the history of Ireland in 5 novels; beginning with this one leading up to and about the Easter Rebellion in "1916", followed by the Civil War in "1921", the founding of the Irish Republic in "1949", the horrors of Bloody Sunday in "1972", and the latest "1999", a novel of the Celtic Tiger and the Search for Peace. She needs to write at least one more when all of the

Island becomes "A Nation Once Again". Let's hope that will be sooner than later. I have all these books assembled and intend to read them in order. "1916" is a great read. It is written as clearly and interesting as can be possible. It is as well written as was Margaret Mitchell's "Gone With The Wind" was about the American Civil War. I find history about war and politics can be very involved, with an enormous amount of events, personalities, dates, etc. and often one has difficulty "seeing the trees for the forest". Llywelyn has the great skill of being able to write in a way that cuts through all the details and by using characters to show what and why things happened. This ability makes for a book that is so well written that it is hard to

put down once the reader gets started. I found this a terrific read and now am looking forward to the others. If you want to understand modern day, or 20th Century Ireland; Morgan Llywelyn does it for you here. I visited Kilmainham Jail several years ago. A visit there and a listen to that unbelievably poignant song "Grace" about Grace Gifford and Joe Plunkett, burn into your heart the events of 1916 forever.

- The Strunk & White classic has been updated and enhanced with wonderful illustrations by Maira Kalman. I've given this book as a gift to friends, partly hoping to improve their writing as well as their appreciation of Kalman's work, but mostly because it's a lovely little book to have handy on the shelf.
