- I had been using the online Webster's but I found the listings incomplete and it was a bit of a nuisance to have to go online to get a listing. It is nice having the dictionary resident in my various computers. On the down side, I guess I expected to see more visuals, more graphics, more bells and whistles with every entry but perhaps it is the words I am requesting that are not conducive to such listings. I doubt if I would have purchased it without getting it back from my university professional

fund since it is a bit pricey at roughly \$50.

- Penetrating psychological insights, masculine prose, tense, gripping adventure.
