REVIEW OF MATHS PAST PAPERS EDEXCEL NON CALCULATOR

- I just finished reading *Black Notice*, and I thought it was one of Patricia Cornwell's best books yet. I can't wait to read *The Last Precinct*.
- I am rather dissapointed with the weak plot. I still think Cornwell's earlier books are much better. In *Black Notice*, I don't quite understand why Bray & Anderson are brought in to conspire against Kay only to have Bray murdered later. Though they have messed up Kay's office, but the impact was not great. Also, Lucy's inclusion in this book is rather abrupt and out of place. Personally I still hope that Benton is alive some where living under a new identity. I think killing Benton was quite a waste. Ms Cornwell, if you are reading this review, I know you could do better. I will still be waiting for your new books and look forward to a much better plot..
