REVIEW OF WHATS RICH DOING PROGRAMS CROSSFIT MAYHEM

- If your brain is not dumbed down completely by Crichton's "Sphere" and other chewing gum books, get and read this one and you'll see where this country (USA) is plunging: complete emasculation of the speech. GET THE SALTINESS OUT OF THE SALT, BECAUSE SOMEBODY MAY NOT LIKE IT SALTY. That's the slogan of today.

- I have read this book for my Grade 10 English class and decided to search the net for some further information and came upon this site. I would like to say that this book is the best book I have read so far. It opens your eyes on the truth that technology is taking over us. Even though this book is written about the far future we are getting there and its only the matter of years. To me books are everything, you learn by reading and sharing your opinions with others and from what I can see not a lot of people can actually talk about a book. I think that Ray Bradbury wrote a book which is meant to be read by absolutely everyone.
