REVIEW OF HENNES WEISWEILER ACADEMY COACHING TECHNICAL DEVELOPMENT

- I really enjoyed reading Nappily Ever After. I had never heard of Trisha Thomas and happend upon this book while searching for another on the net. Trisha Thomas really out did her self in this book. It was a page turner from beginning to end. Although, it didn't end quite they way I expected. I had hoped that Venus and Clint would rekindle their relationship and live happily ever after. They just seemed so right for one another. Even though Khandi seemed to be a fairly nice young lady, I still didn't want her and Clint to get together. But all in all after reading further, I finally came to accept what would be the inevitable, that He and Khandi would be together. Sometimes we don't always get what we want. If you think your the only one with insecurities in your life, even though you may have it going on in just about every area of your life, I recommend reading Nappily Ever After and you'll come to see that your not alone, and moreover you wont be dissappointed at this book.
