### **REVIEW OF AUDI A1 MANUAL DOWNLOAD**

- As an avid Scarpetta fan I was thrilled to find out Ms. Cornwell had written another. I truly enjoyed Point of Origin, and each that led up to it, and was eager to find out what was to come next for our characters. Unfortunately, this new one fell a little short on my Scarpetta meter! Just when you think we're going down a new road, with infinite possibilities, the road comes to a dead end. I will not be specific because I don't want to ruin the book for other Scarpetta fans. If you truly are, the book is still worth your time just don't get your hopes up that it will be like the earlier ones. I hope the next one, and please Ms. Cornwell write more, will leave us with more answers rather than questions like this one did. P.S. Lucy needs a serious attitude adjustment - perhaps therapy next time!

- I love historical fiction because of books like this one... never ordinary... author Susan Vreeland tells the story that wants to be told... I wanted to read it backwards when I was done... to get all I missed... I still may! Especially recommended for artists!
