REVIEW OF ADJECTIVE ORDER IN ENGLISH A SEMANTIC ACCOUNT WITH CROSS

- This book helped my 5 year old a little. We need to read it a couple times. Thanks, it helped. He was concerned about dying.
- Alan Flusser's latest book is a must read for men who wear clothes (and the women who may buy them). Flusser, a renowned expert, respected designer and prolific writer on men's apparel, opens with a discussion of what to wear, from casual dressing to formalwear, without missing a step in between. He has a definite point of view on men's fashion, favoring traditional English-style clothing rooted in the Anglo-American traditions of the 1930's and 1940's, but also recognizes different tastes. He then takes the reader on a city-by-city shopping tour of the best men's stores around the world. He reviews a number of stores in each major city, describing the shopping experience and the merchandise and highlighting the unique or noteworthy items which distinguish each store. If you buy only one book on men's clothing, make it this one.
