We wish this post has motivated you to explore Blueprints Composition Edition, get in touch with fellow viewers, and create your very own reviews. Pleased reading!

REVIEW OF BLUEPRINTS COMPOSITION EDITION

- It seems that many people like to compare this with Orwell's 1984. True, they are both looks into

the future and see problems that lie ahead, but I think the Huxley is more on the mark considering the way things are progressing. The basic point of the book is to examine the loss of individuality and personal expression in order to attain utopia. Huxley seems to want such a utopia, but clearly recognized that it would require the loss of personality. This book seems applicable still today. Some brief examples of how we are marching slowly towards Huxley's BFW: We in the information age have become more ignorant than ever. Critical thought is slipping away from us. The pharmaceutical industry is booming and the masses want the drugs to do even more, whether it be to calm a 6 year old boy so he'll sit in class or it be to make someone feel better. We accept drug use more and more with few, if any, questions. Some might seem like a leap from where we are today, but we should heed the warning signs Huxley presents. And the abundant sex in the book isn't really that different from what Hollywood advertises every day. We are closer to a full free sex perspective like in Huxley's book than most people are willing to admit. In many ways, our society is very individualistic, but as we become more divided idealistically and politically, we can expect to see more of Huxley's utopian uniformity at the expense of individual thought and opinion. Overall, it is a good read. In some places, it may be slow in regards to action, but it is constantly thought evoking. Character development is good. You really associate with certain characters and share in their struggles. Let this book challenge your presumptions about our society. It will be a valuable exercise. Then go forth in life and every time someone disagrees with your perspective, smile and enjoy the non-utopia you've been so blessed to live within.

- Important read. Be sure to get a context to the novel prior to reading, some can be found in editions with a good introduction
