## **REVIEW OF LIVING GLUTEN FREE FOR DUMMIES**

- The idea of isolation from society is one that Albert Camus truly made his own throughout his distinguished career, particularly in this novel 'The Stranger'. It is difficult to describe the full depth of a Camus character but it must at least be attempted. What is distinctive of his characters' isolation, including that of Meursault, is that it is always a voluntary isolation. The character is not isolated because he has been rejected by society but because he has nothing but contempt for that which surrounds him. Meursault dislikes much of what

surrounds him but this is not to say that he is some sort of loner. It is testament to Camus' ability as a writer that the reader is drawn to, rather than repelled by such a character. Meursault is essentially a man who refuses to play the game and refuses to do what society dictates. He pays a heavy price for his refusal to adhere to social conventions, however there are no heroic pretensions in what Meursault does. This character is very representative of Camus' writing and perhaps even of Camus himself and the depiction of his attitudes, actions and existence makes a fascinating and fantastic novel.

- I like the way Shelly Laurenston writes love

scenes. She has the talent to make me sweat from the heat coming off the pages. The third Magnus Pack book, "Here Kitty, Kitty", is no different. My problem with this one is the heroine...I really, really disliked her. Angelina doesn't take crap from anybody; she hands it out instead. She's a mixed-descent American with attitude and the ability to kick butt...even when going up against non-humans. As the only full human left in her triad of friends, she's become something of a target for the hyenas looking to hurt the pack. So when she goes down in a fight and wakes up somewhere strange, she's only a little surprised to discover she's not in the 'lion's

den'...this den is for tigers only! Nikolai knew he should never have shown interest in the mouthy broad from the airport. Of course, he never thought his brothers would kidnap her and bring her to his house either. He's knows she'll be trouble, and within 5 minutes of waking up she's knee'd him and cracked a toilet tank lid over his head...guess he was right about the trouble part. So if she's so much trouble, why is he so hot for her? Smoking hot sex alert. But also, nasty, witchy, heroine alert. She seemed to be nasty just because...and that put my back up (hey! at least I didn't say 'put

my fur up', or 'rubbed me the wrong way') from the first. Her interactions were hostile to just about everyone in the book, including her friends! This was something I never got over. And Nikolai, hot as he was, wasn't a very intriguing hero for me either. For someone with animal instincts, it sure took him a long time to recognize his feelings for Angelina. He spent most of his time moaning about his family...just not very Alpha for me. So even though I disliked the heroine, and the hero too to a certain extent, I still gave this sucker three stars for the smoking hot sex. Because...it's my review and I can!
