## REVIEW OF SUPERVISORY MANAGEMENT N4 STUDY GUIDE

• I started reading this story in the early morning and crawled in bed 12:30 that night. That is one of the benefits of being retired. Need I say that this is a "page turner"? Lots of action, gunplay, bare knuckle fist fights, sneaking around spying, and of course, the beautiful rancher owners daughter. With all that it's still a story that you can read a chapter a night to one of your grandkids. I have always enjoyed watching a Louis L'Amour movie as they always had a certain reality about them.

• This book has a gold mine of examples of organizations that have used MVT to achieve astonishing savings. No business professional who wants to improve profits should miss this book. Chuck Holland is a pure genius at explaining MVT in easily understood terms and giving concrete real-life examples that jump off the page! Not only did I learn a great deal, but the book was fun and enjoyable to read. I couldn't put it down until I finished. I personally would have liked to have seen all of the statistical detail, but I do understand that the book is intended for managers and executives.
