## REVIEW OF BILLY BUDD MSEFFIE

• The edition of THE STRANGER I own is an old Vintage paperback, with a "V-2" Vintage designation in the lower-left corner and a \$1.25 price tag in the lower-right corner. The translator is Gilbert Stuart, not Matthew Ward. This is the third or fourth time I have read the Stuart translation of THE STRANGER. (I really don't care which translation is better; by now the Stuart one is for me definitive.) When I first read THE STRANGER, in my teens, it was obligatory reading for the young aspiring intellectual and I am sure that my response to it was heavily influenced by what I understood to be the received wisdom. When I read it about ten years ago, I was put off by the self-centered indifference of Meursault, and I tended to think the novel was intellectually puerile. (For years, after all, I had been hearing that Camus was over-rated.) Now, frankly, I am impressed by it. The tale is deceptively simple, yet upon analysis, the novel becomes surprisingly complex; it is almost mythical in its potential interpretations and "messages". As a parenthetical, I also am now struck by how colonial the attitude of the novel is. Not only do the Arabs appear in stereotype as the menacing "Other" and not only does Meursault more or less cold-bloodedly murder one. But - something that hadn't registered on me before - not one Arab is called as a witness at Meursault's trial. In pre-WWII French Algeria, the Arabs were indeed a sub-class, part of the fauna of the territory, and Meursault truly is sentenced to death for not displaying conventional grief upon the death of his mother rather than for shooting a human being on a stiffling hot, blindingly sunny beach. Although THE STRANGER is not a perfect novel, it is somewhat astonishing to realize that it is the work of a 29-year-old, and it need not give anyone pause to see it listed as one of the seminal works of literature of the 20th Century. Indeed, it is one of those books that might profitably be read every 15 years or so, to help the reader judge how he is coming to terms with his place in the

universe.

- There is genius in this book. One must never forget why. If one does, one does die. To never confuse life with death. To never allow passing time to escape. To break forth into the world with

every ounce of aspiration and energy, the only inspiration inside yourself. To know that you are alive at the very least. To know that "what dreams may come" are coming only today in these waking moments and never "in that sleep of death." That is all, and so it is TO BE. Why indeed I do love this book.
