REVIEW OF MY LIFE OUR TIMES

- Does this book really need explaining
- This Book tells a story about two friends who are looking for a new job near the Salinas River in California. Lenny, who is mentally retarded, and George, the smart one. They had to escape from their last job because Lenny got in trouble. In the new job the story will be repeated, but this time for the last time. The only reason I gave this book a star is because is has a good plot, and because this is happening in the world right now, it is a reality. The main factor that called my attention was the vocabulary and quotations of the characters. This is why I give one star to the book.
