## REVIEW OF CELPIP GENERAL STUDY GUIDE 2014

- This book is incredible in every way! When I read it the first time, I became obsessed and was transported back to that era. I thought about it so much that even now, over 3 years later, when I read any part of it, I feels so familiar, a little like coming home. As large as the novel is, you won't regret a single moment you spend reading it. I recomend Gone with the Wind to anyone, especially anyone who loves to be transported to another time and place!

- Margaret Mitchel wrote only one book in her life. "Gone With The Wind" not only won the Pulitzer Prize for Fiction in 1935, but the film version won Best Picture in 1939 - opposite "The Wizard of Oz". Mitchel never wrote again, though in the mid 1940's she was struck by an automobile on Peachtree Street in Atlanta and her body was dragged for more than 100 feet.Her funeral was more majestic than Scarlet and Rhett's wedding.a signed first edition of this book today is worth well over \$15,000.As for the new introduction written by Pulitzer Prize winner, Pat Conroy ("The Prince of Tides") He is, after all a Southern Writer and his own material is considered literature. I'll leave his words up to you. I respect his work a great deal. Even if not his opinion. And that's all an intorduction or a review is; a critic attempts to establish crredability with words. and in seeking out a Southern Writer, though there are dozens of well qualified women writers (Lett's, Flagg, Kingsolver) With Styron, Clemens and Faulkner gone we are left with Conroy and John Grisham. I'd be interested to know what all of these people would write in an introduction."Gone With The Wind" is a terrific story, fairly well written and highly emotional. It is one of the few war novels in history written from a woman;s perspective (that includes battle scene action) and the character of Scarlet O'Hara- our protagonist and ingenue - has become an adjective in describing other characters. In some ways, this novel; is a huge step forward for the feminist movement, but far more so it set the civil rights movement back subsgtentially and continues to every single time someone reads it. People read that book and actually believe that slaves were treated like family members. Mitchell writes about Mammy and Poke and Prissy passing along the perfumed hearsay her grandmother told her that the "houise darkys" are given "family status" but still Scarlett's frustration over Prissy's idlesness causes her to threaaten to break a switch acorss her back. Miss Scarlet runs into Big Sam as the Confederate Army leaves Atlanta to the Yankees while Scarlet must stay to bring Melly's baby (A love promise she made to Melly's husband)He is a Field Hand but she speaks with him because he is an overseer and only becausee the Yankee's canons and guns can be heard on the hprizon. She gaters information and does not wish him well;she will never see him again and as readers we never hear of him again. Neither the book nor the film do anything to expose what slavery was and the way in which "Gone With The Wind" has injured the rights for descendents of America-slaves is sinceely nauseating.There are millions who would break a switch across my back for this review. I saw go to it,k but you'd better re-read thge book before you do it. Perhaps watch the film as well, as it is less harsh than the book. (I own the screenplay)So by all means, everyone should read "Gone With The Wind". The more controlversial, the more one should read. But before you do, read Alice Walker's "The Color Purple" which also won the Pulitzer Prize. I've taught these books together as WAlker's also takes place in the South in 1935 and gives a clear idea of what life was like for the once-slaved,now impoverished. Thern read GWTW. After you get all teary and warm with "Gone With The Wind"(and you will be) then you must read William Styron's "The Confessions of Nat Turner", also a Pulitzer Prize winner, which was written in 1966, utilizerd what little is known of the trial of Nat Turner and tells us more truth about what it was to be a slave. If after that you still haven't gotten the picture pick up the recently published book about Paul Jennings, "A Slave in The White House"- the book that first speaks of a black man in the oval office, only he was dusting it, pouring drinks for President Madfison and he was, in truth, the one who rescued the lifesized portrait of George Washington. (Dolley Madison was a selfish, nasty woman who became frighened of her 104 slaves after President Madison died; oit is a fact, that during her lifetime at Montpieler after James died, Nat Turner's revolt occured and in New England the ship "Amistad" was overturned. For so many of us, fiction is a way to step into the minds and souls of another person in another world. With "Gone With The Wind" you run the risk of emerging a bigot.
