## **REVIEW OF ELECTRONIC DEVICES CONVENTIONAL CURRENT VERSION 9TH EDITION**

- Terrible book! I didn't know who I wanted to die more--Kay or Diane Bray! Wish it had been Kay. "Black Notice" is simply terrible. Arguments come out of nowhere and sanctimoniousness is at full throttle. And why was it again that Marino accompanied Scarpetta to France? Did he actually do anything but clobber Kay's stud (yeah the sex scene... unbelievable, if you can even call it a sex scene... and him declaring his undying

feelings after an afternoon romp? Ridiculous!) Scarpetta's holier than thou attitude is getting progressively worse. And did she have a conversation with anyone she didn't get in a fight with or have negative feelings about? The French cab driver... her poor maid who forgot to change the towels... Sheesh. Let's not even get started on Lucy. She's a lunatic. By now, we all know about Cornwell's own proclivities, but does she have to give all gay people a bad name? Please, Patricia, stop typing and start spending some of that money of yours and have a good time.

- This is a beautiful book on so many levels. The author's voice, the author's spirit, the author's technique of storytelling are awe inspiring. If you have been led to this page, take it as a

sign and order this book, reading it is an experience and I can't wait to read it again. If you are looking for a gift to give someone else then this is it, but read it first yourself so that you can trully share it.
