## **REVIEW OF MY FIRST TOUCH AND FEEL PICTURE CARDS FARM MY 1ST TF PICTURE CARDS**

- Wonderful stories and this one has the pictures! I bought this for my son after the electronic version we got skipped all the photo plates. This has them, just as you probably remember

them - Humpty Dumpty, the Jabberwocky, the Queens and Kings, and of course Alice herself. The big pictures are big enough for a child to sit poring over for several minutes, and quite a few small pictures sprinkled about to keep interest high. I remember having my own quite similar book as a kid and bought this for my (at the time) five year old son. Contains both 'Alice in Wonderland' and 'Through the Looking Glass' in one volume. A must have for reading aloud to emerging and expert readers alike, and it's a nice important feeling book for them to go over on their own as well.

- I have always loved the classic Disney movie of Alice in Wonderland. As I got older, I realized that I truly did not know much about the plot line or the author of these stories. My cousin gave me this book for my birthday and I recently finished both the tales. These stories are filled with amazing and thought provoking! A few of the authors ideas or a little out there, but for the most part this book is truly a must read.
