REVIEW OF SONGS OF INNOCENCE AND EXPERIENCE WILLIAM BLAKE

- Lillian Muller's book, *Feel Great, Be Beautiful over 40* is the best handbook for a healthy lifestyle that has been written. It effectively combines years of Ms. Muller's study with professionals in the alternative health field with practical suggestions regarding diet, exercise, and other factors necessary for optimum health. The book is well-thought out and very straightforward. The author provides flexibility in her approach and offers many suggestions for starting on the road to good health in a progressive

manner. There is also a chapter on health during pregnancy which is outstanding. I myself have spent years of research in the cutting edge of the alternative health field and I can safely say that this is the best book ever written in its field that I have read. I have found nothing negative about it. I have met the author and spoken with her at some length and I can tell you that she is a living testimony to the principles and concepts she shares in her book. She is the healthiest person I have ever met. I highly recommend the purchase of this book for anyone interested in living a healthy life.

- This book is yet another chronicle, and by a Muslim author too, of one of the momentous crimes of the 20th century, now coming to fruition in the 21st: Of how the United States of America used the drug trade and the institution of a culture of mafia-style political corruption implemented in Pakistan and Afghanistan, combined with the revival of the inherent extreme and backward tendencies in doctrinaire Islam (whose influence was on the wane) to fashion it into a viable ideology - to use to combat the Soviet Union and bring it down. That objective has been accomplished, but the US has ended up with a nightmare of an enemy that is far more harmful exponentially than the Soviet "threat" ever could have been. Afghanistan lies trashed beyond repair, while Pakistan is well on the way to becoming one of the world's most dangerous failed states. The book is an excellent read, however I do not agree with the author's attempt to distinguish US created "political Islam" from "normal/everyday Islam"; the Americans just amplified and fuelled the abominable, rigid characteristics latent in the very corpus of Islam itself to turn

it into a formidable Frankenstein. As a former Muslim having been brought up and still living here in the Islamic world, I know that not only scholastically, but also from personal experience! Any regional variations in Islamic culture that can be described as moderations are in

fact just that, dilutions of the original doctrine by the local milieu, and not vice versa. I give this book a five star rating on account of its rendering of the chronicle of events, not the author's opinions.
