## REVIEW OF PROMOTELEC 2016 PDF

- While George RR Martin is my favorite fantasy author David G. is a close second. I don't care that all the stories are the same with flawed yet noble characters fighting the good fight against impossible odds the books are very well written. This book is interesting because while events from previous books are vaguely mentioned no one is standing around going "my father was a soldier under Druss the Legend" every five pages. Some people I know can't stand "Legend" the first book and if that's you here might be a good place to start.

- Though a bit long at parts, this novel kept me entertained. I would certainly recommend it to any literature lover.
