5 Henry H Neff Brilleore is most definitely worth taking into consideration.

REVIEW OF THE RED WINTER TAPESTRY 5 HENRY H NEFF BRILLEORE

- Disclaimer: I love historical fiction; so I don't know if this would be a great read for anyone, but...I loved it as a historical fiction fan. I have stuck with mostly Italian in the past, but this was a very exciting "jump" into British historical fiction--specifically the CRAZY world of the Tudors and Henry's 6 wives.I was totally enthralled with this book--but not until around page 200. So the first bit I was having a hard time buying into it because I thought Mary was kind of annoying and weak. But as the book progresses, she ages (obviously) and her relationship with Anne, the Boleyn family, the King, and pretty much everyone around her is really fascinating. She finally grows some "balls" and you're rooting for her to escape the treachery of the Boleyn family and FIND LOVE. It sounds cheesy here but there is seriously nothing cheesy about this book.I know that I love a book when I'm constantly looking up the history in encyclopedias and finding other books in this area. I was a little disappointed to hear that there really isn't much documented history pertaining to Mary in real life, but from what I have read (very VERY preliminary), Gregory is right on and has solid backing for what she has written. Also, I am very impressed with historical fiction writers who use the actual historical character as the center of the story versus using a fictional character and having things happen around them. It seems much harder to do it the way Gregory has done and it truly is a masterpiece--entertaining and historically accurate!READ IT!

- The Other Boleyn Girl gives a fascinating glimpse into the court of King Henry VIII. While I struggled with the author's writing style in the beginning (a bit too heavy, repetitive, and slow for me) a 100 pages into the book I was gripped by the story. I can't say that I loved any of the characters, but I think that was the author's purpose, to show us the real people of the court, which I found intriguing and realistic (or at least imagined it as real.) I will definitely read more of this author's books.
