REVIEW OF CONSCIOUSNESS AND QUANTUM MECHANICS LIFE IN PARALLEL WORLDS MIRACLES OF CONSCIOUSNESS FROM QUANTUM

• EXCELLENT book!! I am the webowner of Bipolar Disorder Sanctuary and I had a very difficult time putting this book down. Faye easily captures your interest and you want to know what happens next. Faye openly discusses her life - before, after and during manic & depressive episodes. She reveals the tremendous negative impact the BP has had on her life, and those around her. This was really important for me to read as I have the bipolar disorder myself and I felt much less alone when I read her story. I related so much to what she experienced. I really believe that this book will comfort many and help educate those with the disorder and for the families as well. It is a first class read.
