REVIEW OF HURUF ABJAD TULISAN INDAH

- I am delighted to have read this book and will find delight in reading it again very soon. Recommended to all!
- It was amusing to read all the reviews on this book and see the wide diversity of opinions. I know one of the authors (yes, they are real guys who happen to have the same name). He received over 350 unsolicited emails from women in about four months and had dates every other night. I saw the emails, and the pictures of the women who sent them. Some were average, but many were very attractive; a few were supermodel types. He's a real man's man who actually met and married the perfect woman for him after he wrote this book. He didn't intend

the book for women (they've got plenty of their own), and he didn't intend it to help guys find some woman's notion of romance. He intended it to help guys find whatever they want from online dating. So what's the problem?
