## **REVIEW OF MAYTAG CENTENNIAL COMMERCIAL TECHNOLOGY WASHER MANUAL**

- Well, I am reading this book in my english class at school, and it puts everybody to sleep! First of all, if Estella hit me like she did pip, I would have hit her back!! All the women in this book seem like stuck up b\*\*\*\*es! Even the movie wasn't the best. I figured it would have made more sense than the book did, but I was wrong! You can barely understand what they say! Well, I just don't like the book, or the movie. I think they were both stupid, and neither of them make sense!!
- Something I feared before reading this

book was that it would be a terrific story, but full of cliches. Not so. Dickens' prose

can take some effort to grasp at times, but the story is beautiful and timeless. Well worth the cost. Which was nothing.
