### **REVIEW OF MOCK TEST PAPER FIITJEE**

- This novel definitely follows Allende's form of vast and varied characters, a plot covering an epic

length of time, and Dickensian twists and turns. But the main character is not as interesting or complex as Greg Reeves in "The Infinite Plan," and the most areas of the plot simply lack the intense realism of "Plan" and "The House of Spirits." The references to the metaphysical world are devoid of the absolute wonder caused by works such as "Spirits." And worst of all, her prose, despite having Margeret Sayers Peden translating once again, does not have the same poetic ring. There are, however, still moments in the novel that seem to illuminate any perception of life as dark or dull, thus giving relief to the low-effort and sometimes repetitive nature of the rest of the book.

- This is one of my favorite books, and I recommend it to everyone. I love the main character, Eva Luna, a strong young woman with a no-nonsense approach to life and love. The stories are enticing and complex, so well written you'll feel you're actually living the scene. Read it and then buy the sequel, Tales of Eva Luna, which is also excellent.
