suggest this publication to viewers that are searching for a provocative and psychologically impactful read.

## REVIEW OF LOS ANTIGUOS REINOS DE MEXICO

- I really liked the book alot! It's pretty hard not to come up with something to do when you have 52 options. We've had the book for just over a month and when we bought it, we decided to go have some fun this year. First, we went Paragliding on Lake Pleasant and had a blast! Plus saved money from the included coupon. Then last weekend we hiked

Peralta Canyon. It's amazing what's out there.

- Sullivan's Woman is a 1984 book by Nora Roberts. I think to enjoy Sullivan's Woman, one has to keep in mind that it was written in 1984, and that Silhouette and the world viewed romance novels different then. The man was always mysterious, domineering, and a total hunk who mainly only shows his love for the woman by the end of the book. Bearing this in mind, Sullivan's Woman isn't that bad. The two main characters are Cassidy St. John, a struggling writer who takes odd jobs to pay the rent, and world renowned artist Colin Sullivan. He meets her at Fisherman's Wharf on a

foggy night and insists that he has to paint her. So begins their relationship. Roberts does a good job of portraying the artist in Colin, how he forgets everything but the painting and how he has total concentration on the subject. Many would think that he only fell in love with Cass because she was his model, sort of a working relationship, but by the end of the book one does see that Colin really does love Cassidy. A spiteful ex girlfriend helps to keep Cassidy insecure about her love for Colin through most of the book, but that does not mean she doesn't have a backbone, for which she does. She shows plenty of spirit and

energy, most unlike a lot of the 80s heroines. She is insecure in her love, but I think this is an accurate portrayal of any relationship. Who isn't insecure about their love for their partner in the beginning? Roberts portrays the growing relationship well. I did become annoyed and frustrated with Colin's elusiveness in saying how he really felt, but like I said, this was part of the way romance was written in the 80s. Though this is an early work of Nora Roberts, I still enjoyed it and saw it as a precursor for many of her better books to follow. It is a fast and pleasant read and a must have to add to any Nora Roberts collection.
