## **REVIEW OF AGE OF SIGMAR GENERALS HANDBOOK 2017 BR CKENKOPF ONLINE**

- This writer does so well writing this story. The way the story progresses, you can't be bored! I couldn't tear myself away. I think if you like 'Lord of the Rings', you will become a fan.
- About a weak ago, when I bought this book, I was expecting an exceptional book, because I had heard good things about it. I had no idea that I was purchasing the best book i had ever read, second only to Lord of the Rings. It is packed with characters that

you get to know so well, that you feel like you could recognize them in the grocery store. The plot is simple enough for a reader to understand easily, but so colorful that it feels like its happening to you. It resembles The Lord of the Rings in a few ways. First and foremost is the names of some of the characters, and this angers some people. The thing that they fail to see is that the only the names are similar, but the characters are very vivid and original.(...) I can tell you where he gets his inspiration for landscape in the book. His details of the surroundings in the book are so intricately woven and detailed that I feel like he is describing my home. This connection puts

me so inside the story that it feels like i am part of the book.Eragon is a great start to a trilogy destined to be a classic. Tons of fantasy fans will be lined up at book stores for the second part of the trilogy, and I will be one of them.
