So what are you awaiting? Begin your Pukul Berapa Waktu Terbaik Shalat Dhuha downloading journey today and experience all the advantages and ease that the digital world of publications needs to offer!

REVIEW OF PUKUL BERAPA WAKTU TERBAIK SHALAT DHUHA

- Despite reviewer DP Mellon's prejudicial, intolerant and bias rant on Dr. Ozment's book, I found it to be a useful glimpse into the daily life of a 16th century couple. I am writing a historical novel set during these times, and such personalized, intimate and first hand translated source material is critical to the accuracy of my novel. Ozment's book gives us a look at how people really lived, what they said, what they thought, and what they wore, and therefore for this reason the book is indeed historically significant. You can interpret data and statistical patterns up the yahoo, but when you want to find out what people really did in a certain time, read their letters. This book is a "slice of life," not intended to represent the interests, trends or political ideals of the larger generation to which it belongs, but to focus on a particular 16th century couple at a particular time in life. Just as any painter knows, you must limit your subject in a "portrait" to the most important person or persons you are trying to represent, and capture their true nature by selecting those details to focus on that are most representative of the subject. I believe that Dr. Ozment has done a fine job of doing just that. I will agree with Mellon that I would have liked to have seen more actual excerpts of the letters, only because I found them fascinating. As an aside, I don't believe that the couple portrayed here are any less ordinary to their times than the middle-class of today is to theirs, as Mellon claims in his review. This couple is middle-class, politically connected, and want for little, so that means they are not ordinary? To whom? They also lost their only child, fought with their relatives, hated

their jobs, worried about money, and got sick on a regular basis while trying to sift quack cures from the real thing. Sounds pretty ordinary to me. They were members of a growing merchant class at this time, and they lived how they lived. Trying to make them stand for something other than what they are, as Mellon seems to want Ozment to do, would be an exercise in futility. That Dr. Ozment chose this particular couple to write a book about seems less to do with their "conformity to modern white middle class notions of what the marriage relationship should be" than to the fact that they wrote letters to one another that survived intact into the 20th century, which could therefore be translated and commented upon. And I enjoyed the material, though I am neither white, nor

experimenting with marriage (I think after 9 years it ceases to be an experiment), nor childless and in pursuit of the almighty dollar (though Mellon seems to assume these are the only types of people who would buy into Ozment's premise of the role of the family in 16th century Germany). In conclusion, if you want to know how a 16th century merchant couple in Germany lived, this is a good place to start.

- This is an average one for the series. The usual happens but with a twist that the Frank & Joe's parents get kidnapped and it is up to the brothers to rescue them plus get the bad guy.
