## **REVIEW OF FORMAL AND INFORMAL LETTERS SAMPLES PDF**

- Romeo and Juliet was an epic story the meaning of the story to me was two lovers with parents keeping them away from each other. I personally really liked the book because it tells people how you can't hide true love because then it would just make things worse for the both. What I don't like in the story how they have to argue over stupid reasons if there in love then there in love let it be forget about all those problems you used to have and think

about how good the future could be. Then again why did the families start arguing in the first place to start of with? Both of the families are alike they got money and they also have many family members looking after them but they get in things there not suppose to. The whole theme of the story took place in Verona Italy that's were the two lovers grew up and have been there most of there lives. So therefore both of them end up seeing each other all they want is there family to just get along and they wont have to worry about them having to sneak out to see each other in the middle of the night so if I had to rate this story I would give it a 10 because it teaches you to never

hide your love for some  
one and I agree with  
that.

- Story line keeps you

turning pages until you  
just gotta find out what  
happens. Good job for  
a new novelist
