Set during World War I, this monumental philosophical novel about human despair inspired Albert Camus' own writing and prefigured the greater existential movement. *Blood Dark* tells the story of a brilliant philosopher trapped in a provincial town and of his spiraling descent into self-destruction. Cripure, as his students call him—the name a mocking contraction of *Critique of Pure Reason*—despises his colleagues, despairs of his charges, and is at odds with his family. The year is 1917, and the slaughter of the First World War goes on and on, with French soldiers not only dying in droves but also beginning to

rise up in protest. Still haunted by the memory of the wife who left him long ago, Cripure turns his fury and scathing wit on everyone around him. Before he knows it, a trivial dispute with a complacently patriotic colleague has embroiled him in a duel.

### **Vivre ensemble** LE LIVRE BLEU

Viva Cité est un festival des arts de la rue qui anime Sotteville-lès-Rouen depuis bientôt vingt ans. Qui sont ses publics ? Qu'y font-ils ? Qu'y voient-ils ? Qu'y vivent-ils ? Si la rue est le lieu du bien commun, comment un festival comme Viva Cité y fabrique-t-il du lien pendant un temps de création partagé ? La parole étant donnée aux spectateurs de cette manifestation, il s'agit d'interroger cet événement par les récits

qu'il engendre, dans sa capacité à transformer (réellement ou symboliquement) temps et espaces, à modifier les modalités de réception des spectacles. Ce festival, qui mobilise l'agglomération rouennaise, constitue aussi un vaste « théâtre » où se mettent en scène des rêves de société, où la mixité sociale serait re-crée, où le monde commun serait plus juste et plus équitable. Autant d'éléments réflexifs qui donnent à lire cette manifestation comme un tout artistique, social et politique où chacun témoigne, à sa façon, non seulement de ce qui fonde la vie collective mais aussi, à travers la proximité de l'art, de l'invention de soi. Les propos recueillis proposent une définition implicite du théâtre de rue qui souligne la nécessité de l'effervescence

dans la constitution du social et qu'incarne la fête, expression de la vitalité.

On nous dit que nos contemporains sont de plus en plus individualistes, et c'est sans doute vrai : obsession de l'apparence physique, de l'équilibre psychique, du développement personnel, quête du bien-être et d'un bonheur égocentré. Mais, dans le même temps, nous ne nous sommes jamais autant préoccupés du monde, du monde dans son ensemble, au-delà de toutes les frontières : conscience écologique, développement durable, dialogue des

cultures, action humanitaire. L'individuel d'un côté, de l'autre le global. Deux pôles apparemment inconciliables comme l'huile et l'eau, qui sont pourtant magiquement mêlés dans les consciences contemporaines. Ce mélange paradoxal a donné naissance à la religion dominante de notre temps, l'individo-globalisme, qui imprègne tous les domaines de la vie humaine : la santé, la politique, le sport, l'éthique, et même l'entreprise. Elle consacre l'authenticité, le naturel, le ressourcement, l'énergie et s'accompagne de pratiques (nouvelles, même si elles ont parfois des origines anciennes), telles que le yoga, la sophrologie, le qi gong, la méditation. Cette foi nouvelle est en train de changer, silencieusement, notre monde.

D'imposer un nouveau rythme de vie, de nouvelles règles du jeu. C'est ce changement insidieux mais radical que cet essai se propose de décrire et d'expliquer. Raphaël Liogier est professeur à l'Institut d'études politiques d'Aix-en-Provence où il dirige l'Observatoire du religieux.

Drawing on manuscript sources, this book examines how the medieval clergy developed the authority and persuasive force to attempt to govern the day-to-day speech of Western Christians. It shows how attempts were made to portray some political, social and private speech as deviant and destructive, labelling it lying, slander, blasphemy and other Sins of the Tongue. It explores, for the first time, how Chaucer, Langland, Gower and the 'Patience' poet use the different strains of this pastoral

discourse not only to expose the destructive power of speech in political and social life but also to judge clerical claims to authority and efficacy in formulating and applying codes of speech.

## **REVIEW OF LIVRE KAPLA**

- The identity of the writer or writers of the King James Version of the Bible has long been a mystery. The historical record is unimpeachable that King James authorized the writing in 1604 and

assigned the task to a group of clerics and scholars from Oxford and Cambridge. However, after that, the trail goes cold. With such a large group working on the project, one would imagine that there would be notes, papers, correspondences and records of meetings, but there is nothing. Simply nothing. How such a number could have worked without leaving a trace is difficult to fathom. Conventional scholars avoid the problem by using weasel words such as "it must be the case," "it is assumed," and "it is undoubtedly so." Thus is conjured up the history of the writing of the KJV. The second problem with the KJV is that it is written with one supreme literary hand. This would not be possible if a number of scholars were contributing a various sections to the KJV. This leads

to the hidden, genius, unknown author theory. No one has been selected from the clergy and scholars because none is known to have had any literary talent, whatsoever. The similarity between the KJV and Shakespeare has also been acknowledged, but since Shakespeare is believed by traditionalists to be the man from Stratford, this possibility is ignored. There are no known historical connections between the man from Stratford and the KJV. Now. Let us rewrite English history with an integrated literary and historical account of the Elizabethan period. Edward de Vere, 17th Earl of Oxford, was born on July 21, 1548. He was the son of Princess Elizabeth and her stepfather, Thomas Seymour. The bastard child was raised as the foster child of the 16th Earl of

Oxford. The Queen went on to have five more children, the last being the young, dashing Earl of Southampton. Oxford was Shakespeare. In 1604, Oxford disappeared from court. Oxfordians (those arguing Oxford was Shakespeare) argue that he disappeared. But there was no funeral, no elegies, no anything. No firm record of his death. After 1604, where Oxford went is subject to dispute, (most likely the isle of Mersea on the English coast), but what he wrote is beyond dispute: the Tempest, Shakespeares Sonnets and the KJV. Oxford died in 1609, and the publication of the Sonnets marks his demise, the ever-living poet. Even without the Shakespeare works acknowledged, Oxford was well equipped as a poet and knowledgeable about the Bible. A copy

of his Geneva Bible sits in the Folger-Shakespeare Library, with its many annotations. These annotations have been shown to have correspondence to the works of Shakespeare. Oxford created the King James Bible by editing previous versions of the English Bibles. He worked primarily from the Geneva Bible, an earlier version printed in Geneva by Protestant dissidents and does not seem to have been familiar with the more literary Cloverdale version, where many of the more poetic expressions of the Bibles originated, such as, "Walk in the valley of the Shadow of Death." Therefore, while the KJV is far superior as a literary work to previous versions, some particular phrases from the Cloverdale seem superior as poetry. Basically, the entire

history of the Elizabethan history is a historical myth created by the Tudors and William Cecil. "Virgin Queen" and all that rubbish. As part of the mythical historical narrative of England, subsequent historians have labored to strengthen the myth and ignored contradictory and conflicting evidence. However, the evidence is clear that Oxford was both the son of the Queen, the author of the works under the pen name of Shakespeare, author of many works attributed to others such as Romeus and Juliet and creator of the King James Bible.
