### **REVIEW OF HANDBOOK OF DIMENSIONAL MEASUREMENT**

- This collection is cited as a primary influence by many modern short story writers. Read it and you will understand.
- This book is an extraordinary, shocking content analysis of Playboy magazine through the years. Hugh Hefner, rather than the slightly-roguish but benign pioneer of openness he is often portrayed to be, emerges as an agenda-pushing cad with a disdain for marriage, family, children, monogamy, and ultimately, women. After reading this book, one could ever again say "it's only Playboy."
