And if you ever before need help finding the best publication, our well-informed personnel is below to provide personalized suggestions.

REVIEW OF CHEMISTRY AN INTRODUCTION TO GENERAL ORGANIC AND BIOLOGICAL CHEMISTRY EIGHTH EDITION

LABORATORY

- My son loves this book so much! Dispite the fact that it doesn't make noises! It is a paperback though, so ours looks pretty rough now!
- Alan Moore is, and deserves to be, a highly regarded author of what we should still call comic books (other names seem largely a reflex action hide embarrassment - which makes me annoyed to see them referred to as "the graphic story medium" in this book). He has in more recent years created a line of comics under the imprint "America's Best Comics", of which Promethea is one of those titles. This volume reprints the first five issues of that comic. 'Promethea' is an attempt to render the female super hero in an archetypical form. This book

has a strong mystical or spiritual theme, with the female lead cast in a pluralistic role: she is both Sophie Bangs, student, and Promethea, imagination personified. Our Promethea is not the first, there is a whole line of Prometheas stretching back to ancient Egypt, and we get to know some of the earlier ones in this book. What's good: as Promethea, Sophie doesn't know all the answers although, it seems, Promethea does (sounds confusing? Sophie is Promethea, but Promethea isn't Sophie). Indeed, Sophie finds herself thrust in to a broad canvas full of elements that she doesn't know

about or understand. The book allows for Sophie and Promethea to be intellectual, rather than just wiping the enemies off the face of the Earth (and the Immaterialia) with her caduceus - even where she does that, it is thought through. What's not so good: I gave it 5 stars, so not much. My main complaint is that it finishes at an inopportune moment. Sophie is learning about the four weapons she has, and learns about two and then it stops. The comic book has continued, so the rest will be in volume 2, but it still a bit inconsiderate. Lots of thumbs up, and also check out Alan Moore's male archetype in 'Tom Strong'.
