Welcome to the fourth edition of the I-CONnect-Clough Center Global Review of Constitutional Law. We were unsure whether the worldwide public health emergency would permit its publication. We are therefore immensely grateful to our dedicated team of collaborators for making this possible. The Global Review was born in 2017, with the publication of the 2016 Global Review. Our articulated goal at that time remains the same today: to offer readers systemic knowledge about jurisdiction-specific constitutional law that has previously been limited mainly to local networks. The Global Review seeks to increase the base of knowledge upon which scholars and judges can draw; we do this by making public law developments around the world available to all in an easily digestible format. Our ambition is to make our vast world smaller, more familiar, and more accessible. This year the Global Review features over 70 jurisdictions. We continue to grow, slowly but steadily. With the help of our current roster of contributors and with new interest from our readers and others, we hope every year to continue to expand our coverage of the world.

With the resurgence of Islam as a social and political force, debates over family law reveal the struggle between the forces of traditionalism and modernism. The disparate tendencies within so-called Islamic fundamentalism have in common the desire to re-institute Shari'a law, which they regard as the last bastion of the Islamic ideal of social relations. Yet very little is known of the ways in which the Shari'a actually operates in today's Muslim societies. Mir-Hosseini focuses on the dynamics of marriage and its breakdown, as well as the way in which litigants manipulate the law in order to resolve marital disputes and child custody cases. Taking an inter-disciplinary approach which straddles law, anthropology, sociology and women's studies, Mir-Hosseini shows how women may turn even the most patriarchal elements of Islamic law to their advantage and achieve their personal marital aims.

Forced Marriage: Introducing a social justice and human rights perspective brings together leading practitioners and researchers from the disciplines of criminology, sociology and law. Together the contributors provide an international, multi-disciplinary perspective that offers a compelling alternative to prevailing conceptualisations of the problem of forced marriage. The volume examines advances in theoretical debates, analyses existing research and presents new evidence that challenges the cultural essentialism that often characterises efforts to explain, and even justify, this violation of women's rights. By locating forced marriage within broader debates on violence against women, social justice and human rights, the authors offer an intersectional perspective that can be used to inform both theory and practical efforts to address violence against diverse groups of women. This unique book, which is informed by practitioner insights and academic research, is essential reading for practitioners and students of sociology, criminology, gender studies and law.

Islam is often described as abstract, ascetic, and uniquely disengaged from the human body. Scott Kugle refutes this assertion in the first full study of Islamic mysticism as it relates to the human body. Examining Sufi conceptions of the body in religious writings from the late fifteenth through the nineteenth century, Kugle demonstrates that literature from this era often treated saints' physical bodies as sites of sacred power. Sufis and Saints' Bodies focuses on six important saints from Sufi communities in North Africa and South Asia. Kugle singles out a specific part of the body to which each saint is frequently associated in religious literature. The saints' bodies, Kugle argues, are treated as symbolic resources for generating religious meaning, communal solidarity, and the experience of sacred power. In each chapter, Kugle also features a particular theoretical problem, drawing methodologically from religious studies, anthropology, studies of gender and sexuality, theology, feminism, and philosophy. Bringing a new perspective to Islamic studies, Kugle shows how an important Islamic tradition integrated myriad understandings of the body in its nurturing role in the material, social, and spiritual realms.

An authentic, heartfelt and compelling narrative – straight from the horse’s mouth – that reveals for the first time numerous unknown aspects of the life and times of one of the greatest legends of all time who stands out as a symbol of secular India. Dilip Kumar (born as Yousuf Khan), who began as a diffident novice in Hindi cinema in the early 1940s, went on to attain the pinnacle of stardom within a short time. He came up with spellbinding performances in one hit film after another – in his almost six-decade-long career – on the basis of his innovative capability, determination, hard work and never-say-die attitude. In this unique volume, Dilip Kumar traces his journey right from his birth to the present. In the process, he candidly recounts his interactions and relationships with a wide variety of people not only from his family and the film fraternity but also from other walks of life, including politicians. While seeking to set the record straight, as he feels that a lot of what has been written about him so far is ‘full of distortions and misinformation’, he narrates, in graphic detail, how he got married to Saira Banu, which reads like a fairy tale! Dilip Kumar relates, matter-of-factly, the event that changed his life: his meeting with Devika Rani, the boss of Bombay Talkies, when she offered him an acting job. His first film was Jwar Bhata (1944). He details how he had to learn everything from scratch and how he had to develop his own distinct histrionics and style, which would set him apart from his contemporaries. After that, he soon soared to great heights with movies such as Jugnu, Shaheed, Mela, Andaz, Deedar, Daag and Devdas. In these movies he played the tragedian with such intensity that his psyche was adversely affected. He consulted a British psychiatrist, who advised him to switch over to comedy. The result was spectacular performances in laugh riots such as Azaad and Kohinoor, apart from a scintillating portrayal as a gritty tonga driver in Naya Daur. After a five-year break he started his ‘second innings’ with Kranti (1981), after which he appeared in a series of hits such as Vidhaata, Shakti, Mashaal, Karma, Saudagar and Qila.

Before 9/11, few Westerners had heard of Wahhabism. Today, it is a household word. Frequently mentioned in association with Osama bin Laden, Wahhabism is portrayed by the media and public officials as an intolerant, puritanical, militant interpretation of Islam that calls for the wholesale destruction of the West in a jihad of global proportions. In the first study ever undertaken of the writings of Wahhabism's founder, Muhammad Ibn Abd al-Wahhab (1702-1791), Natana DeLong-Bas shatters these stereotypes and misconceptions. Her reading of Ibn Abd al-Wahhab's works produces a revisionist thesis: Ibn Abd al-Wahhab was not the godfather of contemporary terrorist movements. Rather, he was a voice of reform, reflecting mainstream 18th-century Islamic thought. His vision of Islamic society was based upon a monotheism in which Muslims, Christians and Jews were to enjoy peaceful co-existence and cooperative commercial and treaty relations. Eschewing medieval interpretations of the Quran and hadith (sayings and deeds of the prophet Muhammad), Ibn Abd al-Wahhab called for direct, historically contextualized interpretation of scripture by both women and men. His understanding of theology and Islamic law was rooted in Quranic values, rather than literal interpretations. A strong proponent of women's rights, he called for a balance of rights between women and men both within marriage and in access to education and public space. In the most comprehensive study of Ibn Abd al-Wahhab's interpretation of jihad ever written, DeLong-Bas details a vision in which jihad is strictly limited to the self-defense of the Muslim community against military aggression. Contemporary extremists like Osama bin Laden do not have their origins in Wahhabism, she shows. The hallmark jihadi focus on a cult of martyrdom, the strict division of the world into two necessarily opposing spheres, the wholesale destruction of both civilian life and property, and the call for global jihad are entirely absent from Ibn Abd al-Wahhab's writings. Instead, the militant stance of contemporary jihadism lies in adherence to the writings of the medieval scholar, Ibn Taymiyya, and the 20th century Egyptian radical, Sayyid Qutb. This pathbreaking book fills an enormous gap in the literature about Wahhabism by returning to the original writings of its founder. Bound to be controversial, it will be impossible to ignore.

When a person dies, his ownership of his property ends, and is to be given to his heirs. It is Allah's Ta'ala favour upon us that He has not made the disposal of that wealth as charity necessary, but rather, He in His wisdom knows that the death of any person is a great loss to their relatives and an even greater loss to their dependents who relied upon them for provision. That said, Allah Ta'ala also knew that Man has greed. And it is this greed that causes brother to hate brother and sister, and to usurp the rights of the less persuasive. For this reason, Allah has fixed, very clearly in the Qur'an, the allotted shares of the relatives of the deceased. This has been further mapped out in the Ahadith by the Prophet of Allah Ta'ala so as to leave no scope of doubt or leeway for argument in who gets what. Everyone will get their share: No more, no less. This prevents the greedy from getting more than their share and it stops the undefended from receiving less than their allotment. In Islam the concept of the wealth only going to the first born son is seen as oppressive. Islam has also distinguished the different levels of dependency of the closer relatives and has stipulated amounts varying in quantity in different circumstances. The factors that lessen one relative's share is the presence of another relative, who also has a considerable relationship with the deceased. There are times when an allotment may seem unfair, these will also be explained. For example, of two inheriting brothers, one may be financially well off whereas the other is poor. This will not mean that the poorer brother will get everything or more than the richer brother. This is because inheritance is not charity and is given on account of the strength of the relationship not on account of who is more needy. Both brothers in this aspect are equal, and will thus receive an equal share. This book only deals with the financial side of the events around death. For an in-depth look at the rites of passage of the burial please refer to our publication, "What to do when a Muslim Dies".

### **REVIEW OF BANGLADESH NIKAH NAMA BANGLA FORM DOWANLOAD**

- We're approaching the 100th anniversary of the action in Ulysses and I've taken my copy out and began to reread it. No other book I know of has more power to inspire or instill creative thought. His symbolism and skill is simply astounding. Anthony Burgess once said that many times he'd think of Ulysses and then think about his own work, "Why bother?" I know what he meant, but the power of the characters and style gives everyday writers like myself something to strive for. This book is worth more than ten creative writing courses in the Ivy League. Even if I wanted to, I could never forget it.
- This is the second book I've read by Markides. I really enjoy his interactions and narrative reporting from Fr. Maximos. This book and his other works are helpful additions to those who seek to expand and grow their spiritual life.
