Phill Savidge is widely credited as being the main instigator of the Britpop music movement that swept the UK in the

mid-1990s. Savidge was co-founder and head of legendary public relations company Savage & Best, the company that represented most of the artists associated with the scene, including Suede, Pulp, The Verve, Elastica, Kula Shaker, Spiritualized, Menswear, The Auteurs, and Black Box Recorder. Savidge suggests that Britpop came about "by accident" because he refused to represent any American bands. He subsequently ended up with an extremely accessible, media-friendly roster that "lived 'round the corner" and included the most exciting press-worthy acts of the era. His unique experience at the epicentre of Britpop led to many intimate, not entirely self-congratulatory encounters with a who's who of popular culture — including Brett Anderson,

Damon Albarn, Roy Orbison, David Bowie, Joe Strummer, Lou Reed, Michael Barrymore, Richard Ashcroft, Andrew Lloyd Webber, Mick Jagger, George Lucas, Damien Hirst, and Dave Stewart, among others. But did he really Sellotape a cassette of Suede's Animal Nitrate single to a purple velvet cushion — with a note that said "another great disappointment" — and then bike it to the NME? And could he and Jarvis Cocker really have fallen out simply because a journalist thought he was more glamorous than the Pulp front man? If you've ever wondered what it's like to represent Hirst, Cocker, and The Verve in the same decade, and then wake up in bed with Keith Allen in the Ritz in Paris — courtesy of Mohammed Al Fayed — then you should read this book. Imagine

David Sedaris with a hangover and an expense account and you're halfway to appreciating the delinquent delights of *Lunch With The Wild Frontiers*.

McDougal Littell/Houghton Mifflin

Krakauer's page-turning bestseller explores a famed missing person mystery while unraveling the larger riddles it holds: the profound pull of the American wilderness on our imagination; the allure of high-risk activities to young men of a certain cast of mind; the complex, charged bond between fathers and sons. "Terrifying... Eloquent... A heart-rending drama of human yearning." —*New York Times* In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. He had given \$25,000 in

savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Four months later, his decomposed body was found by a moose hunter. How Christopher Johnson McCandless came to die is the unforgettable story of *Into the Wild*. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered

experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings

McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding--and not an ounce of sentimentality. Mesmerizing, heartbreaking, *Into the Wild* is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

## **REVIEW OF 13 CHAPTERS A HISTORY OF BELIZE**

- The good: The basic plot line is interesting- a man who has just been killed by the electric chair has his finger print turn up at a murder scene. The writing itself is good. The main character Kay Scarpetta and an old professor of

hers are well 'fleshed out'. The bad: Other characters are not well 'fleshed out'. The plot never fully explains itself. Is the book about figuring out how a dead criminal could commit crimes - or is it about Scarpetta - redeeming herself in the eyes of everyone around her - after developing an anti-social workaholic tendency after the death of a loved one? The latter seems to be the path the author choose - leaving some of the twist in the plot unresolved. Though others in the story have made Scarpetta out to be the villain (on many different levels - as a family member, as a friend and as a professional) in the end her 'goodness' is redeemed. How the bad

guys in the story turn out seems to be unimportant - which I found to be a major flaw.

- I read this book because it was selected by my book discussion group. Some day it might be made into a movie for Lifetime. Story takes place in the present in Italy. A young chef falls in love with a beautiful blonde American student. His friend a waiter starts to date her. The waiter passes himself off as a chef and asks his chef friend's help in preparing wonderful Italian dishes for the American girl. There's more to the plot. This is a lightweight novel- a beach book. I did want to visit Italy and eat Italian food. My book club's discussion was very short.
