conversations, and discover new literary treasures. And if you ever require aid finding the perfect publication, our knowledgeable team is here to give personalized referrals.

REVIEW OF IB BUSINESS MANAGEMENT MR CORNES

- This book is a fine addition to any organic chemist's library. Entertaining, informative, and free-spirited! I proudly display a copy in my own lab. Better living through chemistry!
- Actually, there are any number of curses one could associate with dona Marina, la Malinche. In the present instance---Laura Esquivel's novel about Cortes' remarkable translator---it is "The Sentimental Pudding Curse," by which fictionalized accounts of La Malinche have been reduced to mediocrity or worse for over 100 years. I should be grateful that we have this version of the Curse, not the uglier "Wicked Harlot Traitor Curse" in which Malinche is burdened with just about every nasty character trait imaginable. Still, this is historical fiction at its most unseamly: neither good history, nor good fiction. Esquivel trivializes or pointlessly distorts known facts, and in mashing poor Malinche into a kind of New-Age superwoman posterchild for Toltec dreamers and other such crystal-gazers, she commits as violent an injury on her

subject as those who would paint her as "chingada" (see Octavio Paz) or traitress. It's a silly book, and even if you are, as I am, a lover of all things 16th Century, you will likely conclude there just isn't any meat here. It is at least consistent: read a few pages online. If you like that sort of writing, by all means go buy the book, and I apologize for any implied criticism of your taste. If you, on the other hand, cringe with embarrassment, trust me that ahead lies only another 180 mercifully short pages of the same fluff-headed nonsense. Fortunately, the Curse does not extend to non-fiction, for there is a world of good material on Malinche, the Conquest era, and pre-Columbian Mesoamerica. Start with the astonishing 16th Century documents themselves---they are the source for our knowledge of Malinche, and there's great reading here. Bernal Diaz was a soldier who knew Malinche personally---his "True History of the Conquest of New Spain" is not only a trove of first-hand information (and some first-hand axe-grinding, perhaps) but is delightfully (and sometimes chillingly) readable. Grab a copy of Anna Lanyon's "Malinche's Conquest," for a good contemporary look at what we really know about this startling woman. Malinche's world does not need to be puffed up and colorized---it is supremely dramatic all by itself.
