REVIEW OF DIGITAL LEADER 5 SIMPLE KEYS TO SUCCESS AND INFLUENCE ERIK QUALMAN

- Great author - he writes so well from a high schooler's point of view that you wonder if perhaps he still is one. Because I can uniquely attest to this girl's adventures and tribulations through my own high school experience, I found myself rooting for this protagonist through her many troubling yet evolving years of high school, filled with too many trust fund babies with too much time. I really wanted her to get as much out of her experience as I did. She seemed to be evolving over the years. In the end, however, she lacked the maturity to overcome the materialism and superficiality that surrounded her. Her actions at the end of the book came as a disappointment. Perhaps I was too optimistic but she seemed to have missed the learning curve...

- Curtis Sittenfeld has written a wonderful debut novel that explores the insecurities and search for self that is the essence of life in adolescent and high school years. Lee Fiora, a student at Ault and narrator of Sittenfeld's novel, allows the reader to follow her along for four years. During this time, Lee watches her classmates, roommates and "friends" and tries to learn and discover things about herself through others. Lee constantly prays that no one will ever really see her or notice the things she says, does and believes. It is this fly on the wall mentality that Lee possess that gives the reader an honest and accurate portrayal of the awkwardness and trauma of being a teenager. However, what Lee learns, and what most people discover through life, is that no one can be a fly on the wall forever. Ultimately you make your mark and create a space for yourself. It is in these difficult moments that beauty and truth are formed.
