## REVIEW OF DESIGN OF STAIR CASE IN STAAD PRO

- Some people think that the Irish held the black man down. Not unlike how people accuse us Hindus of holding Muslims down. My message to radicals like Ignatiev is "Who taught you how to make mashed potatoes?" That's right, the Irish. And who taught the Muslims to make lentils? That's right, the Hindus.
- I would give four stars to Matilda by Roald Dahl. This book is a 4 star book because it was very interesting but not the best book I have read. Matilda is a genius child with idiotic parents who are very mean to her. They do not care about Matilda at all they think she is not intelligent and that they are. At school Matilda has to deal with Miss "The" Trunchbull, a very cruel and horrid headmistress with an attitude. The only comfort Matilda has is her teacher Miss Honey and they share a very big secret about Matilda. I very much like this book but as I said it is not my favorite book. I like books more like "The Hunger Games" and "A Series Of Unfortunate Events" Roald Dahl is a very gifted writer who has many other funny children's stories. Books I recommend by Roald Dahl: "James And The Giant Peach ", "Matilda", "The Twits", "The BFG". My favorite part of this book was when Matilda put the super glue in her dad's hat.
