REVIEW OF MANAGERIAL ACCOUNTING BY GARRISON SOLUTIONS E14

- While the book could be insightful at times, I agree with one of the other reviews in that it does not offer many solutions except prayer. As a non-Christian and a non-religious person, this solutions seems like a cop-out to me. I wanted a guide to not only better understand the amazing person I am with, but more importantly to get some guidance on how to deal with man vs. woman issues, which this book does not offer for non-Christians. So if you are like me, I suggest finding something that does not provide only faith based answers. Good luck and happy reading!

- Someone else had made the appropriate review of this book. I can say that I read this book while waiting for my girlfriend to get off of work while I waited at a nearby book store. After finishing the book, I thought about a lot of things. I can agree that there are a lot of similarities between what she has concluded. Then again on other ideas I felt so far alienated from them that I couldn't understand where such a conclusion was drawn. To put it simple I think if you are looking for a little more information about your man, just ask him. Relationships work with compromises and communication not because one falls into conformity with the ideas of a particular book. When I look at this book I can say that this book doesn't speak for men in general but as previously pointed out some aspects of each conclusion should be seen in each man.
