**REVIEW OF BY RICHARD L DAFT
MANAGEMENT 9TH EDITION 11909**

- Some of the author's expressions are delightfully dated (written in the 30s), but that just adds to the charm. She is absolutely convinced that everyone has the ability to write honestly and well. And her enthusiasm can motivate almost anyone to write. There are lots of good ideas here, but the main value is her relentlessly cheerful belief in her readers.

- Bought this book used for 5 cents, as it is out of print. And as I am just starting out in ceramics, found it to be an excellent guide for the novice. Compared to the ten other fine books on pottery and ceramics that I purchased on Amazon. This book will teach you all the basics needed to start out. I was, in fact, so fond of it, That I purchased another copy for 15 cents to keep clean in my library. It's a dated book (1972) but I didn't notice much change in newer volumes on ceramics. There are few color photos, but the skills and ideas taught are sufficient in black and white photos. For the very small price I paid, this book is well worth the investment and knowledge gained for the learner.
