REVIEW OF THE NARRATIVE OF JOHN SMITH ARTHUR CONAN DOYLE

- If you're a beginner at Photoshop this is an excellent book to get started with. All the tools, menus, and options are explained at the very beginning of the book. As you progress forwards in the book, photos and other pertinent graphic details show how each tool will affect your work. This book is not for the advanced Photoshop user, unless you need help with some of the basic Photoshop procedures. Within the first 100 pages of this book I noticed my knowledge had increased dramatically. See for yourself, try it.

- This is the first book I've read by Jennifer Cruise. I liked parts of the book, but other parts of it drove me crazy. There was some good dialogue, but the word said was over used. There were good parts and interaction between the characters, but there were a lot of long and drawn out scenes that slowed down the book. Several times during the book Cruise could have ended it, but it kept going. The frequency of betting was getting old also. I liked the relationship between Cal and Min, and thought Bonnie was amusing. David was a chump and towards the end I couldn't stand him or Cynthia. Pretty early on, almost from the beginning, the ending was predictable. I liked the ending, but actions by the family members didn't seem realistic. Overall it was all right, but would have been better if it had been shorter and quicker paced.
