REVIEW OF BUY RESEARCH PAPERS

- I think, the one who makes such claims, should prove their claims. Most of the book reads like a science fiction. The ideas are not new. Is this another attempt to create a new religion? Manipulation of the highest degree. Dr. Chalko claims several of our top scientists have read the book. I would like to know who they are, so, I can speak to them.. Thank you
- This is just a terrible book. I can't understand the enthusiasm of some of the other reviewers. The book is a boring downer, and he seems like a nasty piece of work. Stay away.
