REVIEW OF AUTOMATA K L P MISHRA

- When you do the "Look Inside" thing, you'll read "This view is of the Mass Market Paperback edition (1983) from Bantam Classics. The Paperback edition (2010) from General Books LLC that you originally viewed is the one you'll receive if you click the Add to Cart button at left." And that's correct. The General Books LLC version is a completely different book. To wit...General Books LLC puts together books using an OCR automated scanning device which can miss complete pages. There are many many Typos and no table of contents. There books receive NO EDITING of any kind, also, the OCR scanning is done by a robot (which the publishers website outright says can miss pages). This is all stated on the publishers web site (google them and read for yourself to get all the details). Almost every review of books published by General Books LLC (around 500,000 of them from one imprint or another now listed on Amazon) by buyers is negative, many are extremely so.As the General Books LLC version has reviews of other publishers versions associated with it, you need to be very careful to make sure you've bought a decent version. If you have bought the version from General Books LLC by mistake, you can return to Amazon within 30 days(but check Amazon's Return Policy for the details).

- Product arrived as advertised - very good quality.Larger than previous Love Is books - Very Satisfied.
