[Ebook: Fundamentals of Corporate Finance](#) McGraw-Hill Companies

Corporate Finance, by Ross, Westerfield, and Jaffe emphasizes the modern fundamentals of the theory of finance, while providing contemporary examples to make the theory come to life. The authors aim to present corporate finance as the working of a small number of integrated and powerful intuitions, rather than a collection of unrelated topics. They develop the central concepts of modern finance: arbitrage, net present value, efficient markets, agency theory, options, and the trade-off between risk and return, and use them to explain corporate finance with a balance of theory and application. The well-respected author team is known for their clear, accessible presentation of material that makes this text an excellent teaching tool. The ninth edition has been fully updated to reflect the recent financial crisis and is now accompanied by Connect, an exciting new homework management system.

REVIEW OF PRINCIPLES OF CORPORATE FINANCE 11TH EDITION ANSWERS

- If you are into Super-Heroes and those specifically related to DC, this is a must have book. The quality of the illustrations is worth every penny. Paul Franco

- Like all the other reviewers of this book I am a long time fan of the Carpenters. I bought this book in 1994 when it was first published and was pleased to be able to read about the history of Richard and Karen and to get an insight into their lives. I learned a lot about them both. Looking back, and having read some of the other reviews here I can only speculate that yes a lot of things will have been kept out of the book. Richard Carpenter is a very private man, and I suspect that he will have been involved in deciding what would be included in the book and what he wished to keep private. Why should he bare every single detail of his family's business for worldwide consumption? Would you or I do the same? The Carpenters' story is a cautionary tale: Be careful what you wish for. Karen and Richard craved success but success ultimately killed Karen Carpenter didn't it? There will be

certain things which will stay in the Carpenter family forever and we must accept this. There are no conspiracy theories here. Richard worshipped his sister, yes they came from an extremely close family and were incredibly protective of each other. Karen's demise came at a time when anorexia was

virtually unheard of. If this was happening now things would be different. Let's not get too excited about whether Richard smoked, or how many times Karen had sex Mr Koenig. Do we really need to know? This is a very informative book which is very revealing in lots of areas. God bless you Karen. Thank you for your beautiful legacy. And thank you Richard for your artistry.
