REVIEW OF ALICE IN WONDERLAND PRINTS

- A very interesting look at the way a profiler creates his profiles of murderers and other criminals (most of whom seem to be mentally-ill). There are a number of spelling, grammatical, and other editing errors that sometimes make it confusing or hard-to-read. In a book produced by a publisher known for its scientific titles, I expected more care.
- Ari's got a great book. So good that I asked if I could turn the book into DVD training series. Check out Zingerman's (ZingTrain) and look for it there. Get a brownie or corned beef sandwich while you're at it.
