Alice was beginning to get very tired of sitting by her sister on the bank, and of having nothing to do: once or twice she had peeped into the book her sister was reading, but it had no pictures or conversations in it, 'and what is the use of a book,' thought Alice 'without pictures or conversations?' So she was considering in her own mind (as well as she could, for the hot day made her feel very sleepy and stupid), whether the pleasure of making a daisy-chain would be worth the trouble of getting up and picking the daisies, when suddenly a White Rabbit with pink eyes ran close by her.

Then, Alice was called as a witness. She accidentally ran into a jury with an animal inside, and the king ordered the animal to be returned to the seat before the trial continued. The King and Queen ordered Alice to leave in accordance with Article 42 of the Rules ("Everyone left the court at a height of more than one mile"), but Alice challenged her judgment and refused to leave. In the ridiculous procedure, she argued with the king and the queen of hearts, and finally refused to hold her tongue, only

saying: "In this process, it is not that I was the first to steal the egg." In the end, the queen confirmed that Alice was the culprit for stealing the eggs (this automatically pardons his accusation), and then shouted: "Swagger!", but Alice was not afraid, saying that they were just cards; Although Alice had her own time for a while, the card guards quickly got together and began to swarm all over her.

This book charts contemporary illustration's rich history: from the rampant idealism of the 1960s to the bleak realism of the 1970s, and from the over-blown consumerism of the 1980s to the digital explosion of the 1990s, followed by the increasing diversification of illustration in the early twenty-first century. The book explores the contexts in which the discipline has operated and looks historically, sociologically, politically, and culturally at the key factors at play across each decade, while artworks by key illustrators bring the decade to life. Contemporary illustration's impact and influence on design and popular culture are investigated through introductory essays and profiles of leading practitioners, illustrated with examples of the finest work.

Shakespeare for Every Day of the Year

A beautifully atmospheric memoir and travelogue from poet Amryl Johnson depicting her journey from the UK to Trinidad in the 1980s 'Memories demanded that I complete this book. If what I experienced was, in fact, a haunting, I believe I have now laid these ghosts to rest in a style which I hope will satisfy even the most determined ones.' Amryl Johnson came to England from Trinidad when she was eleven. As an adult in 1983, ready for a homecoming, she embarks on a journey through the Caribbean searching for home, searching for herself. Landing in Trinidad as carnival begins, she instantly surrenders to the collective, pulsating rhythm of the crowd, euphoric in her total freedom. This elation is shattered when she finds the house where she was born has been destroyed. She cannot escape - nor wants to - from the inheritance of colonialism. Her bittersweet welcome sets the tone for her intoxicating exploration of these distinct islands. In evocative, lyrical prose *Sequins for a Ragged Hem* is an astonishingly unique memoir, interrogating the way our past and present selves live alongside one another. Selected by Booker Prize-winning author Bernardine Evaristo, this series rediscovers and celebrates pioneering books from Black Britain and the diaspora, which remap the nation and reframe our history.

This is a pack of three of the same print. *Alice's Adventures in Wonderland* was first published in 1865 by Macmillan & Co. In January 1864 Lewis Carroll met with the illustrator John Tenniel, and in Tenniel's hands, the characters of *Wonderland* came to life. Printing Tenniel's images in the first edition of the book involved careful preparation the drawings were carved into woodblocks by wood engravers, and the blocks were used to create metal 'electrotypes' that would be used on the printing press. This fine art print has been made using traditional methods of reproduction and printing. In 2014 Macmillan created a new set of reproductions from the original woodblocks, now held in the British Library. The printing has been done on a traditional 4-color proofing press, printing directly onto art-quality paper."

Alice's Adventures in Wonderland (commonly shortened to Alice in Wonderland) is an 1865 novel written by English author Charles Lutwidge Dodgson under the pseudonym Lewis Carroll. Alice, a girl of seven years, is feeling bored and drowsy while sitting on the riverbank with her elder sister. She then notices a talking, clothed White Rabbit with a pocket watch run past. She follows it down a rabbit hole when suddenly she falls a long way to a curious hall with many locked doors of all sizes. She finds a small key to a door too small for her to fit through, but through it she sees an attractive garden. She then discovers a bottle on a table labelled "DRINK ME," the contents of which cause her to shrink too small to reach the key which she has left on the table. She eats a cake with "EAT ME" written on it in currants as the chapter closes. Chapter Two opens with Alice growing to such a tremendous size her head hits the ceiling. Alice is unhappy and, as she cries, her tears flood the hallway. After shrinking down again due

to a fan she had picked up, Alice swims through her own tears and meets a Mouse, who is swimming as well. She tries to make small talk with him in elementary French (thinking he may be a French mouse) but her opening gambit "Où est ma chatte?" ("Where is my cat?") offends the mouse and he tries to escape her.

REVIEW OF ALICE IN WONDERLAND PRINTS

- Clifford 'Kip' Russell has a dream, he wants to go to the Moon and while his father thinks its a great idea but its up to Kip to find a way to get there. Fortunately for Kip a soap company is running a contest with a grand prize of....a trip to the moon. Kip manages to win, but not the grand prize, instead he got a space suit. While trying out his new prize Kip is swept up - literally - and finds himself on the way to the moon. What he had never imagined was that he would be taking the trip in the company of aliens, human thugs, and a 12 year old girl named Peewee. Even more amazing he finds himself preventing an alien invasion and defending the entire human race in an alien court. This 1958 book is one of the 'juveniles' that Heinlein wrote in the '40's and '50's. While the plot is obviously fantastic and very much aimed at the youth audience, it is an enjoyable read for any age reader. Kip and Peewee have to face the challenges of defining just what defines a 'person' and what responsibilities a person has to themselves and to his fellow beings. Are there flaws in this work? Absolutely, many of the characters are there just to say or do their piece and then move on, we do not ever learn just what their motivations are. The young heroes are just a bit too perfect and the coincidences are often just too convenient. At times Heinlein's handling of the dialog is not as skilled as it will be in later works, and, as often is in Heinlein's work a little more editing would not be misplaced. Often in Heinlein's early works there are very stereotypical attitudes concerning women, they are relegated to subservient roles, i.e. Kip loves his

mother but we learn very little about her, also Peewee's mother is portrayed as more of nuisance than anything else. In this novel though Heinlein is beginning to change this, Peewee is shown to be Kip's equal and the alien guardian is definitely female. This book is fun, light reading that, like the rest of Heinlein's work, slips some serious ideas in when the reader least expects it.

There is also the fun of seeing just what developments Heinlein predicts correctly and which he misses. In this one the hero still computes on a sliderule, an item that most highschool students of today have never seen, much less used.

- I think my title sums it up. If you are a professor deciding on a book to use for your class, PLEASE do not use this one. Thank you.
