REVIEW OF WORK EXPERIENCE CERTIFICATE FORMAT MECHANICAL ENGINEER

- Edith Wharton's fictional novel "Ethan Frome" takes place in an urban area outside of Starkfield, Massachusetts. Ethan Frome is a

poor farmer, who is married to an unhealthy wife that he does not love. Zeenie, Ethan's wife, is a hypochondriac but fails to realize it; she loves taking care of people when they are sick. Although when she has no one to take care of she acts sick to get attention from Ethan and others. While at a dance, Ethan spots a beautiful young woman by the name of Mattie Silver. He immediately falls in love with her without even knowing it at first. One winter day, Mattie was forced out of the Frome household because of Ethan's wife Zeenie. That afternoon, Ethan asks Mattie for one more night together. Ethan decides to take Mattie on a sled ride on there last night together. While going down a hill, Ethan miscalculates a rock ahead of him and hits it. Sadly, Mattie is knocked unconscious after a blow to the head. Thirty years later, Zeenie is taking care of Mattie at the Frome household due to her condition after the accident. Now Ethan spends his life not only with his wife, but with his love as well. I think people should read this book because it shows the dark views on people and love. This classic novel will have you thinking love and how far it may go. Isaac Armas

- This was an interesting book the person who explained it to me mad it sound really confusing but then I read it and it made sense. Good book... interesting ending.
