REVIEW OF NHE CERTIFICATION STUDY GUIDE

• This was the beginning of the Wizards of Skyhall series and it was an incredible read! I really enjoyed it. It had me constantly thinking about what was going to happen next, it had surprises that I didn't even expect, and it was very descriptive that the images constantly stayed in my head until I finished the book. This book will keep you reading until you turn the last page and you won't want to put it down. I liked the book because it has just the right amount of everything that you would look for in a book. It has action, adventure, comedy, and suspense. It also had lots of questions that really made me think, and as I continued to read, it answered them all. There are twists in the book that you wouldn't expect too! I thought the comedy in the book was great, but you have to understand what is going on and have to have a good sense of humor. The book is very interesting until the very end and you don't want to stop reading. The story is based on a teen girl named Arianna who is to be exiled from Earth because she can see wizards and she's not supposed to be able to. So she ends up on trial in the People Court and has to defend herself and prove she has magical talent. So she sets out on an adventure to prove herself. Along the way she makes friends, enemies, and comes close to dying. I think the author did a great job of creating an imaginative story that has you wondering what's going to happen on every page. I suggest this book to anyone that has a good imagination and who likes action and adventure because this would be the book for you. I suggest the second book too, Arianna Kelt and the Renegades of Time (Deluxe Edition, Wizards of Skyhall Book 2).

• Bounty hunter Sam Mckade spots Kaylee MacPherson jumping bail as the beautiful woman leaves Miami aboard a plane to Seattle. Sam realizes that the recovery fee will provide him a down payment on some land he wants to buy. He follows her to Seattle where he promptly handcuffs her to take back by Greyhound) the runaway. However, the woman insists that she is a local schoolteacher named Catherine, Kaylee's twin. Sam refuses to believe the far fetched tale. On the way back to Miami, Sam is surprised by "Kaylee's" intelligence and Catherine is shocked by his tenderness. The real Kaylee knows that she has inadvertently left her sibling in a life threatening situation because her former employer Hector Sanchez will do anything to make sure that she does not reveal his secrets. She and her boyfriend must rescue her sister, who has fallen in love with her abductor, before any harm occurs to Catherine. Think IT HAPPENED ONE NIGHT and add on top of that a criminal element and the reader has the romantic comedy/suspense, BABY, I'M YOURS. The novel is a brilliantly written combination of those thirties madcap comedies and the nineties sensual sexuality. The charming characters are all fun to read about as Susan Anderson has written on of the best comical contemporary romances of the year. Harriet Klausner
